Sunday's Excessive Rainfall Outlook

Day Two Excessive Rainfall Outlook

Impacts:

- ✓ Locally heavy rainfall leading to isolated flash flooding

Timing:

- ✓ Noon – 8 PM

Location:

- ✓ Eastern New York and western New England

Event Summary

Thunderstorms Expected At Times tonight through Sunday

Confidence is moderate in terms of timing, location, and severity

-  Scattered to numerous thunderstorms are expected to move into the Catskills late this afternoon and evening, with more isolated coverage for the Capital District northward and eastward. Rainfall could be locally heavy, especially over the Catskills, between 6 pm and 10 pm.
- 
 Another round of thunderstorms is expected Sunday afternoon and evening. There is a slight risk of severe weather across most of the region. The main threats will be damaging winds and large hail.
