Event Summary

...Wind Chill Advisory in effect for the Southern Adirondacks, Mohawk Valley, Schoharie Valley, Helderbergs, eastern Catskills, Taconics, southern Vermont & the Berkshires for Tonight into Thursday Morning...

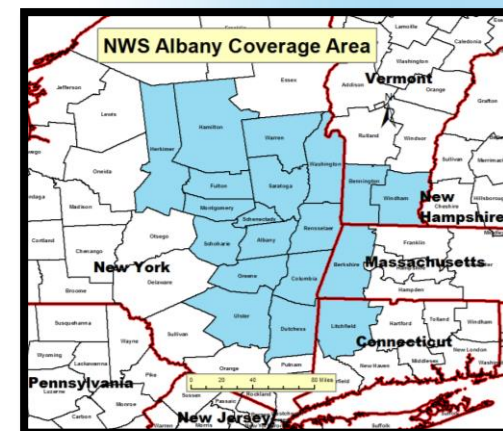

Very cold temperatures combined with strong winds tonight into early Thursday will lead to dangerously low wind chill values between -15°F and -25°F across the Advisory Area.

These wind chill values could cause frostbite on exposed skin in as little as 30 minutes.
