Event Summary

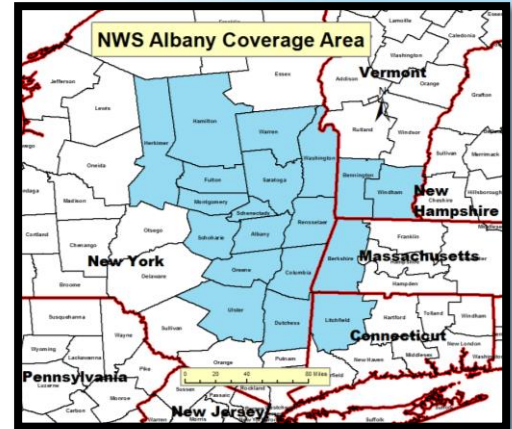

Freezing Rain, Sleet and Snow into Tuesday with significant icing in some locations

- ✓ **Impact Period:** Through Tuesday Morning
- ✓ **Greatest Ice Accumulations:** Through this Morning
- ✓ **Snow, sleet and ice accumulations** will vary from location to location due to variations in timing of different precipitation types.
- ✓ **Hazardous to Impossible Travel** impacting both the morning and evening commutes today and possibly the morning commute Tuesday, especially in the Warning areas
- ✓ **Power outages and tree damage** likely in the Warning areas
 - Peak wind gusts of 30-40 mph across the higher terrain today into tonight
 - Any amount of sleet and snow will add to this potential
