Light Icing Possible Sun Eve

OVERVIEW:

- A brief period of freezing drizzle is possible across western Massachusetts, especially the eastern slopes of the Berkshires Sunday evening.
- Impacts limited to slippery travel in spots.

TIMING	 Approximately 6 PM Sunday until 11 PM Sunday. 	
HAZARDS & IMPACTS	 A trace to a few hundredths of ice may cause slick travel in spots. 	
FORECAST CHALLENGES	 Could be more of a snow/sleet mix which would minimize the freezing drizzle risk. 	
POST-EVENT OUTLOOK	 Precipitation changes over to rain Sunday night ending the threat of icing. Rain with embedded thunder late Sunday into Monday. W-NVV winds IS-20 mph Monday with a few gusts to 25-30 mph 	
NEXT BRIEFING	6 AM Sunday	ov/box
