

# Oppressive heat & humidity

Boston/Norton, MA

WEATHER FORECAST OFFICE

## OVERVIEW:

- Oppressive heat and humidity returns today with heat index values in the 90s, peaking Thursday with heat indices 95-99F.

<b>TIMING</b>	▪ Tuesday through Thursday.
<b>HAZARDS &amp; IMPACTS</b>	▪ Heat indices in the mid to upper 90s Wednesday/Thursday may necessitate a Heat Advisory.
<b>NWS ALERTS</b>	▪ None currently but a Heat Advisory may eventually be needed.
<b>ADDITIONAL INFORMATION</b>	▪ Any lingering power outages from Henri could exacerbate heat-related issues.

<b>POST-EVENT OUTLOOK</b>	▪ Cooler and much more refreshing this weekend with highs in the 70s and dew points in the 50s on Saturday.
---------------------------	---

<b>NEXT BRIEFING</b>	▪ 6 PM Tuesday.
