

Light Snowfall Overnight

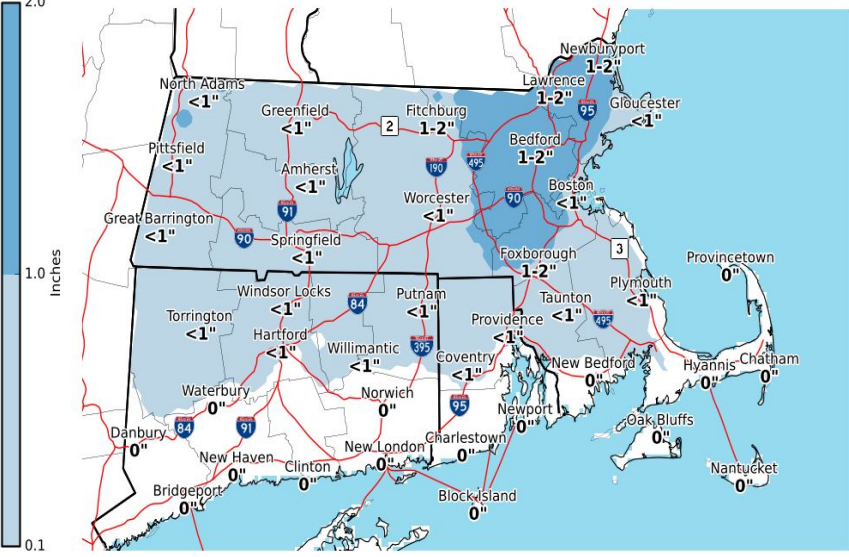

Boston/Norton, MA

WEATHER FORECAST OFFICE

OVERVIEW:

- A period of light snow accumulations (1 to 2 inches) possible late tonight into early Monday across portions of northeast MA which may impact the morning commute

TIMING	▪ Light snow develops overnight, ending by midday Monday.	
HAZARDS & IMPACTS	▪ 1 to 2 inches of snow accumulation may result in a slippery Monday morning commute for portions of northeast MA, mainly along and west of I-95 corridor to I-495 corridor.	
NWS ALERTS	▪ None	
FORECAST CHALLENGES	▪ Coverage of snowfall late tonight. It is possible snow could be more spotty which would result in less accumulation	
POST-EVENT OUTLOOK	▪ Turning blustery and colder Monday night with lows in the teens to mid 20s.	<p>Expected Snowfall - Official NWS Forecast Valid: Tonight into Monday Morning</p> 
NEXT BRIEFING	▪ This will likely be the final briefing	<p>  National Weather Service Boston/Norton, MA 11/28/2021 04:27 PM EST</p> <p>Follow Us:    weather.gov/Boston/winter</p>
