

# First Accumulating Snow of the Season Tonight into Wednesday

Boston/Norton, MA  
WEATHER FORECAST OFFICE

## OVERVIEW:

- First accumulating snow of the season north and west of Worcester
- NO significant impact expected across the major metropolitan areas

<b>TIMING</b>	▪ Late tonight through Wednesday morning	
<b>HAZARDS &amp; IMPACTS</b>	<ul style="list-style-type: none"><li>▪ A coating to 2" of snow expected north and west of Worcester, resulting in slick roads, with little to no accumulation from Worcester south &amp; east</li><li>▪ Isolated amounts of 3"+ across the high terrain of the Berkshires</li><li>▪ Brief period of mixed precipitation possible, including light freezing drizzle, across western MA Wednesday morning as snow transitions to rain</li></ul>	
<b>NWS ALERTS</b>	▪ Winter Weather Advisories for the Berkshires and portions of north central MA, as well as for portions of northwest CT	
<b>FORECAST CHALLENGES</b>	<ul style="list-style-type: none"><li>▪ Precipitation onset/end timing. A faster/slower progression of the system would have a significant effect on snow and ice accumulations</li><li>▪ Timing of transition from snow to rain</li></ul>	
<b>ADDITIONAL INFORMATION</b>	▪ NO accumulating snow is expected along the I-95 corridor, with little to no impact in any of our major cities. A few novelty flakes may fly across metro-west and metro-Hartford.	
<b>POST-EVENT OUTLOOK</b>	<ul style="list-style-type: none"><li>▪ Below normal temperatures and gusty westerly winds Thursday through Saturday</li><li>▪ Scattered showers/flurries possible Thursday &amp; Friday</li></ul>	<div><div><div><div><div><b>Expected Storm Total Snowfall</b></div><div>From 7 PM EST Tuesday through 7 AM EST Wednesday</div><div>Weather Forecast Office Boston/Norton, MA Issued Nov 15, 2022 3:30 AM EST</div></div><div></div></div><div><div><div><div><div><b>Next Briefing</b></div><div>6 PM Tuesday</div></div></div></div></div></div></div>
<b>NEXT BRIEFING</b>	▪ 6 PM Tuesday
